

ARTISAN GIN REBORN  
**PIÙCINQUE**  
ITALY

Deeply rooted in gin's history but produced with today's most meticulous methods, Piùcinque is apex gin designed for the surging participation of spirit drinkers newly and passionately circumspect about the origins, quality, and uniqueness of all they consume.

Piùcinque is ideal for everything from creating the perfect gin and tonic to sipping neat, with a fineness and heightened clarity uniquely suitable for recreating the most complex classic cocktails. Here sage and bergamot support juniper in an inspired and precise arrangement of ten Italian botanical extracts produced at artisan Antica Distilleria Carlo Quaglia. Immediately thrilling with vigorous olfactory impact, mottled with bright citrus notes gently giving way to warmer, enveloping tones of wormwood and almond.

47° Gin Piùcinque is a 100% natural infusion created entirely from citrus and aromatic herb extracts in spirit produced from *Bain marie* discontinuous distillation. Entirely free of all impurities and common manipulatory ingredients, including citric acid, gum Arabic, colorants, preservatives, and gluten.
